"MATCHLESS" TECHNICOLOR

TECHNICOLOR

Television and Radio

By CYNTHIA LOWRY
AD Television-Radio Writer
NEW YORK (AP) — That

fleeting public that picks up a show, gives it a ratings whirl, then, bored, drops it, is not really as faithless as it is reputed to be.

The A. C. Nielsen Company, which projects the vital statistics by which television programs live and die, recently came up with a list of 35 programs that between 1951 and 1966 consistently stayed in its "top 20" popularity list for at least four seasons.

An amazing number of them — about one fourth of the list — are still on top. The all-time champs, each with 12 years to their credits, are Ed Sullivan and Red Skelton. Sullivan first made the top 20 in 1951, and Skelton, the following year.

Lucille Ball, first with "I Love Lucy" and then "The Lucy Show" has 10 years on top. Jackie Gleason and "Gunsmoke" have seven; Andy Griffith and "Bonanza", six, and "Dragnet," five.

This suggests strongly that once members of the television audience find someone and something they really like, they stick with it indefinitely.

But not always. "You Bet Your Life," the Groucho Marx comedy-quiz programs, had eight years in the top 20 — then slid into oblivion. Arthur Godfrey's "Talent Scouts" was a hit for six seasons and "Arthur Godfrey and His Friends" for four. Attempts to revive the former have not amounted to much, and the other show died quietly years ago.

The 15-year reprise of hits recalled some shows that have been almost forgotten, but once were prime favorites. There was "This Is Your Life," "Your Hit Parade," "December Bride," "Fireside Theater," as well as Milton Berle's early "Texaco Star Theater."

Coming, Going

The 12th annual Thanksgiving dinner at the home of Mr. and Mrs. Elmer Smith had a large number in attendance including those from out of town: Mrs. Harold Harris and twin sons, Freymore, Ill.; Mr. and Mrs. Fred Smith and family, Palestine, Tex. Mr. and Mrs. Howard Smith and daughters, Texarkana. Mrs. F. A. Bowlin and children, Conway; Freda Millebrooks, Southern State.

Lance Jones spent the holidays from Arkansas College with his parents, Mr. and Mrs. Haskell Jones. On Saturday Mr. Jones and Lance attended the U of A-Texas Tech game in Little Rock.

Mrs. Robert Scoggins and children, Minden La., have been visiting her father, Joe Downs, and Mrs. Downs.

Mr. and Mrs. Donnie Smith and family, Port Allen, Tex., were Thanksgiving guests of Mr. and Mrs. J.P. Caston, Mr. and Mrs. C.R. Collins, and other relatives.

Mr. and Mrs. Bob Ellen, Don and Johnny, Monroe, La., were in Hope Thanksgiving with relatives and friends.

Spending the holidays with Mr. and Mrs. B.B. McPherson were the Jack Grays of Longview, Tex.

The Don Duffles, Huntsville, Ala., were Thanksgiving holiday

guests of Mr. and Mrs. J.M. Duffie.

Miss Dell McClanahan returned home last week from a visit with nieces and nephews in Dallas, Austin, Ft. Hood, Weslaco, Mercedes, and Baytown, Tex.

Mr. and Mrs. David Haynes, Austin, Tex., were Thanksgiving guests of his grandmother, Mrs. Gus Haynes, and Mr. and Mrs. Henry Haynes.

The Billy Hicks family, College Station, Tex., have been recent guests of Mr. and Mrs. Carl Hicks.

Mr. and Mrs. James Kirby and Belinda, Garland, Tex., are visiting Mr. and Mrs. Kenneth Petre and family.

HOPE (ARR) STAR, Printed by Offset

Wedding Vows Are Repeated

MRS. GILL JAYE SCHOOLEY

HOT SPRINGS — In the presence of immediate family, Miss Gerry Blume, daughter of Reverend and Mrs. Jack H. Blume, Heber Springs, and Mr. Bill Jaye Schooley, son of Mr. William J. Schooley and the late Mrs. Schooley of Hope, were united in holy matrimony in a quiet evening ceremony in St. Luke's Episcopal Church of Hot Springs at 7:30 p.m. Thursday, November 23.

The bride was attired in a street-length dress of pink crepe trimmed at the neck and cuffs with white sequins. She wore a chapel veil of pink tulle and carried an old-fashioned nosegay of pink rosebuds.

Miss Jackie Blume served her sister as maid-of-honor. Miss Blume was also attired in pink and carried a nosegay of deeper pink rosebuds.

Serving Mr. Schooley as best man was Mr. R.E. Grisham of Hot Springs.

For her daughter's wedding, Mrs. Blume chose a dress of navy blue crepe to which she pinned a pink orkid corsage. Mr. Wayne Maurice Smiley of Pin Bluff, organist, provided a background of appropriate nuptial music.

The Reverend Wayne Buchanan of St. Luke's officiated for the ceremony. He was assisted by the bride's father.

After the ceremony, a formal reception was held in the Sycamore Room of the Majestic Hotel.

Upon arrival, guests were greeted by Mrs. Frank Sweeney, Hot Springs, who invited them

to sign the bride's book which was attended by Miss Keryl Lockwood of Denton, Texas.

The bride's table was centered with a branched silver candelabra holding an arrangement of pink roses and green mums in the center surrounded by pink tapers. Presiding at the punch bowl was Mrs. R.E. Grisham of Hot Springs. The pink and green iced petit fours were served by Miss Judith Wimberly of Benton.

Centering the groom's table was an identical floral arrangement as that of the bride's table. Attending the silver coffee service serving pink and green iced devil's-food petit fours was Miss Patricia Burke of Denton, Texas and Mrs. Charles Sangalli, Aunt of the groom, of Texarkana, Arkansas.

The bride and groom received their guests beneath an archway of pink and green mums backed by a standing basket of pink roses, mums and green pom-poms, flanked by brass cathedral candelabra bearing pink candles. Brass candle trees with pink tapers and floral arrangements in the bride's chosen colors of pink and green completed the decor.

Dispensing with hospitality throughout the room were Miss Pat Carlson of Hot Springs; Miss Diane Goltz of Norman, Oklahoma; and Miss Ruth Robbins of Hot Springs.

Miss Billie Mabry played piano selections throughout the evening.

After a short wedding trip, the couple will be at home at 214 Alta Vista Drive, Hot Springs.

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! this newspaper.

SECRETARY'S CHRISTMAS WAIL

Dear Helen:
It isn't that we secretaries are ungrateful. But most of us are watching our figures, because if we don't nobody else will!

So why is it the ONLY gift a boss thinks of for his secretary is a box of candy? At Christmas time we have candy running out of our ears. Not only do all the executives in our office hand out candy, but also the salesman. Either we gain weight, or else we give it to our families — who gain weight.

Maybe you'll print this, Helen, and make a suggestion about non-fattening presents. Honest, we do think these fellows are sweet to remember us, but must it always be with sweets? — SLIM BUT TEMPTED

Dear S but T:
Okay, bosses, salesmen, etc.: Candy is traditional, but perfume is more "appreciative!" — H.

Dear Helen:
I try to pick up extra coins by sending lacy jokes and cartoon captions to men's magazines. They pay pretty well. Helps with college expenses.

But yesterday an editor returned my contribution with a note: "We seldom acknowledge items for our joke page, but we feel that you have made a mistake, and you may want to send the enclosed letter to the right

person."

The letter — wouldn't you just know? — was to my prim, precise, wealthy great aunt who believes spicy magazines are devil-inspired, and sex is sin. In fact, she is all for creation by computer.

If the editor got her letter, then it figures, my sexy joke must have gone in HER envelope. I haven't received an answer.

I may never hear from her again! In addition to being fond of the uptight old gal, I'm her nearest of kin and, until now, her favorite relative.

How do I get back in her good graces? — SELF-SUPPORTING COLLEGE SENIOR

Dear SSC Senior:
Truth might help. Send your great Aunt the two letters — hers and the editor's — with an explanation. While she may not approve of how you do it, she'll appreciate your determination to earn your college keep.

Wealthy people often qualify their rigid beliefs, where money is involved. — H.

Dear Helen:
My husband doesn't smoke, drink, gamble or run around. But he gives me about as much attention as he'd give a piece of used furniture. I'm still in my 20's, keep myself up, but when I ask him to treat me as if I'm there, he laughs. I'm not appreciated a bit.

There's a man at my office who really sees me. He listens when I talk, gives me compliments, makes me feel like a woman. Through nothing has happened yet, sparks fly between us.

Sometimes I think I should throw myself at him so that, for a little part of my life at least, I'd know how it is to be romantically loved. I wouldn't leave my husband. He is a good father to

Thanksgiving Death Toll Goes to 634

By THE ASSOCIATED PRESS

Deaths on the nation's streets and highways mounted steadily Sunday night during the final hours of the long Thanksgiving day weekend, but the death toll was behind last year's record slaughter.

Weary travelers clogged roads on their homeward journeys Sunday and swelled the death toll to 634.

Last year 748 persons were killed over the Thanksgiving weekend, a record for any holiday period.

The count began at 6 p.m. local time Wednesday and ended at midnight Sunday, a 102-hour period. In comparison, 567 persons were killed in a similar but non-holiday period from 6 p.m. Wednesday, Nov. 8, to midnight Sunday, Nov. 12, an Associated Press survey showed.

The National Safety Council does not forecast the number of fatalities from traffic accidents expected over the Thanksgiving

holiday period. The council regards the holiday as one which most Americans spend at home.

Two other four-day holidays this year had record traffic death tolls. Fatalities for the Memorial Day weekend numbered 608, and 732 deaths were counted during the Independence Day observance.

There were 469 traffic fatalities during the three-day New Year holiday. The three-day Labor Day weekend accounted for 604 highway deaths. Neither was a record.

Try This Trick

When you are trying to remove a stubborn screw or bolt from wood, try placing a few drops of peroxide on it. Let it stand for a few minutes, and you'll find it will loosen to the point where it can be removed easily.

Porker Rally Fell Short, Tech Wins

LITTLE ROCK (AP) The Razorbacks despite atrocious field position put 27 point in the scoreboard Saturday but still lost by four points to Texas Tech.

Mistakes - pass interceptions and fumbles - were too much for the Porkers who would have gone to the Dec. 16 Liberty Bowl at Memphis if they had beaten the Red Raiders.

Arkansas finished 4-5-1, the Razorbacks' worst record since the 4-6 mark in 1958 - Arkansas Coach Frank Broyles' first season.

Arkansas got possession of the football 14 times and not once were they closer than 75 yards to Tech's goal. Three of the four Arkansas scores were a result of two bombs by quarterback Ronny South and a blocked punt.

Arkansas had two passes intercepted and lost two fumbles. Three of the four turnovers cost the Porkers dearly.

The first mistake was a fumble by Russell Cody which the Raiders recovered at the Arkansas 41 early in the first quarter. Tech did not score but gained valuable field position.

The second was a fumble by South which the Raiders recovered at the Arkansas 28 with less than a minute to go. Kenny Vinyard's 46-yard field goal made it 17-0 at the half.

The third turnover proved to be the most disastrous.

The Razorbacks had fought back from a 24-0 deficit to within 24-14 and had the ball on their own 30. South tried to hit wingback David Dickey but tackle Wayne Moylan picked off the pass at the 31 and rumbled into the end zone for what proved to be the winning touchdown.

South came right back with a 77-yard touchdown pass to Max Peacock and later directed a 92-yard drive that ended when Mike Sigman snared a 14-yard touchdown pass.

Sigman's catch and an incomplete pass for the conversion left the Razorbacks down by 31-27 with four minutes to go. Tech never relinquished control of the ball.

"I was the worst field position I can ever remember us having," said Broyles. "They had a good kicking game and a good running game and they kept us backed up."

Jerry Don Sanders continually boomed the kickoffs into the end zone and Vinyard punted five times for an average of more than 42 yards a kick.

"We wanted to win and when we fell behind it probably hurt us psychologically," said the Porker coach. "We were trailing 24-0 and came back and made a game of it . . . you've got to be proud of that."

Tech's sophomore quarterback Joe Matulich had a big hand in the Raiders' victory.

He guided them 74 yards to their first touchdown, using 19 errorless plays and coming through with three fourth down plays. He also tossed a four-yard scoring pass to Mike Leinert and threw enough to keep the Arkansas defense honest.

Tech was able to play a more forcing defense because of its field position and harassed South several times.

"Matulich is one of the best sophomore quarterbacks I've seen," Broyles said. "His long run was one of the plays that helped beat us."

Broyles was referring to a 27-yard run by Matulich that put Tech on the Arkansas two and set up the Raiders' second touchdown.

The high points for Arkansas were South's 18 of 33 for 335 yards - a school record - and Dickey's two touchdowns. Dickey, a junior, now has 24 for his career - tying the record set by Bobby Burnett.

Broyles concluded his television show Sunday by naming the ten seniors on his squad. He didn't mention the 1967 Razorbacks.

For what it's worth: The Razorbacks were 5-5 in 1963 and were 28-2 during the next three seasons.

Purdue and UCLA Are Surprised

By ED SCHUYLER JR., Associated Press Sports Writer
Indiana Coach John Pont already has worked a miracle on the football field and now he seems to expect one off it.

Pont, whose Hoosiers won a trip to the Rose Bowl by shocking third-ranked Purdue 19-14 Saturday, said Sunday his team now would get a three-week rest and added:

"Our players now go back to leading normal lives."

This makes Pont either a supreme optimist or one of the greatest dry wits in Indiana since Herb Shriner.

Nothing even remotely connected with Indiana football has been normal since the season started.

The sophomore-loaded Hoosiers did the unexpected by winning their first eight games to make the Top Ten, did the expected by losing to Minnesota and dropping out of the national ranking and then did the unexpected again by beating Purdue.

Now the Hoosiers will face first ranked Southern California, which finished the previous weekend with a 9-1 record—a task which shouldn't be much more difficult than that of returning to normal lives.

Indiana tied Purdue and Minnesota for the Big Ten title at 6-1, but the Hoosiers got the bowl bid because they have never been there. Minnesota, 8-2 over all, scored twice in the third quarter to beat Wisconsin 21-14. Purdue also finished at 8-2 overall.

All of the other major bowl pairings were completed Saturday.

Florida State, 7-2-1, nipped Florida 21-16 and was picked to meet Penn State, 8-2 and a 42-6 victory over Pittsburgh in the Gator Bowl at Jacksonville, Fla., and Texas at El Paso, 6-2.

Idaho North Carolina State, which lost its last two games after winning the first eight, got some of news. The Wolfpack will meet Georgia, 7-3 and 21-14 conqueror of Georgia Tech, in the Liberty Bowl at Memphis, Tenn., Dec. 18.

Purdue wasn't the only member of the Top Ten to get upset Saturday.

Syracuse surprised fourth-ranked UCLA, 7-2-1, 32-14 as Rick Cassata ran for two TDs and passed for another pair and Tulsa got two second-half scoring passes from Mike Stripling and beat No. 10 Houston, 7-3, 22-13.

In the only other game involving a Top Ten team, five pass interceptions helped second-ranked Tennessee to a 17-7 victory over Kentucky. The Volunteers, 8-1, are headed for the Orange Bowl against No. 5 Oklahoma, 9-1, which beat Nebraska 21-14 Thanksgiving Day.

Seventh-ranked Wyoming, 10-0 and bound for the Sugar Bowl against Louisiana State, which beat Tulane 41-27, and No. 9 Alabama, 7-1-1, headed for the Cotton Bowl against idle Texas A&M, did not play Saturday.

Eighth-rated Oregon State, 7-2-1, also was idle, and No. 6 Notre Dame, 8-2, beat Miami, Fla., Colorado's Bluebonnet Bowl opponent, 24-22 Friday night.

Indiana, which won its only other Big Ten title in 1945 and which was 1-9 last year, scored all of its points in the first half and then held off Purdue, which lost four fumbles including one on the Hoosiers' one-yard line, in the second half. Gerry Cole ran 66 yards for one Indiana TD, rambled 42 yards to set up another and Harry Gonso passed for one.

Texas at El Paso quarterback Billy Stevens set an NCAA career record of 51 TD passes by throwing two against Utah.

In other big games, Clemson won the Atlantic Conference championship by topping South Carolina 23-12, Ivy League king Yale edged Harvard 24-20 in The Game, Colorado drubbed Air Force 33-0 Memphis State knocked North Texas State from the major unbeaten list, 23-20, and Texas Tech edged Arkansas 31-27, apparently costing the Razorbacks a Liberty Bowl bid.

Petty Put End to win Streak

MONTGOMERY, Ala. (AP) — Richard Petty put an end to Bobby Allison's three-race winning streak on the NASCAR circuit Sunday with a victory in the Alabama 200 stock car race.

Petty, of Kandleman, N.J., zoomed past Allison on the 133rd lap and never relinquished the lead.

Allison, of Hueytown, Ala., finished second, 4900 short of Petty's \$1,000 winnings. His No. 2 position was 20 seconds and three-quarters of a lap behind the front-runner.

Kitty Cats to Stamps Tonight

By RALPH ROUNTON, Star Sports Writer

Hitting the comeback trail after two opening losses, the Hope Kitty Cats head for Stamps this evening to play a first-round game in the Stamps Invitational, beginning at 5:00 p.m.

Pressed hard because of a lack for experience, the Junior Girls have worked strenuously to even up their deficiencies with their proficiencies. Coach Charlotte Gibson has installed a great deal of pride in these girls, though, giving them the winning attitude that it takes to be successful in the game of basketball.

Meanwhile the Hope Lady Cats, down from two defeats to Bradley, the best in the state, try to bounce back on the road tomorrow night against Cale. The Bobkittens and the senior "B" Lizards open their 67-68 campaigns in the first and last games.

The Lady Cats got in some extra needed practice over the Thanksgiving Holidays, as the forwards try to catch up with the guards' progress. Of course, more pressure is set upon the forward, who is relied on to score every game consistently. But the Lady Cat forwards have been off their mark thus far, and are long overdue for a good night.

This writer was stunned on learning of the death of Mr. Bob White last Friday. Mr. White was long a baseball umpire in the boys' leagues around Hope, and was a fine player himself at one time. Probably he achieved his greatest honor last summer, when the Little League Association presented him with a plaque in honor of his service to the City of Hope. That night at K Park Mr. Bob White was accorded a standing ovation, and later he umpired in the State Little League Championships here in August, a right tribute to his unbiased officiating. The Youth of Hope will always remember him.

A Fantastic Charge by Wall Misses

SAN JUAN, P.R. (AP) — A fantastic charge by Art Wall just missed, as did a bid for a hole in one, and Chuck Courtney held on for a two-stroke victory in the Puerto Rico Open Golf Tournament.

Wall, a veteran from Pocono Manor, Pa., fired a five-under-par 67 Sunday, made up five strokes on the leader and took second with a 282 while Courtney shot a conservative 72 for 280.

Royalty? of Powderpuff Game

Painted Puffs Pooped After Brutal Battle

Despite the previous record of Boston all wins, the Senior girls could Phila. only pull out a 7 to 7 tie against Detroit in the Junior Class team. The setting for this battle was the annual Student Council sponsored Powderpuff Football game held Friday night at Hammons Stadium.

The first quarter proved to be action packed, as both touchdowns came in that period. The Senior fullback Debbie Watson set up the first TD in the game on a fine run. On the next play, halfback Martha Bader sprinted 20 yards for the big 6. The conversion was good.

The valiant Juniors however, were not to be run over by the Senior girls, and in only four plays after kickoff, halfback Janet Foley rambled 45 yards for the score. The very important point after was good. A battle of defenses was fought the rest of the night, with both teams held to a satisfying tie.

The halftime activities were highlighted by the crowning of the Junior Queen Mike Monroe, and the Senior Queen Mike Tolleson by Student Council Representatives Judy Croom and Lamar Cox.

Although the girls were weary from hard play, they would not be denied a fun filled night of dancing at the Youth Center.

The Student Council wishes to thank the Hope Star and Local Radio Station KXAR for their splendid cooperation in publicizing the game and dance.

Owner Has Three Age-Group Champs

NEW YORK (AP) — Three horses who carry the silks of Ogden Phipps' Wheatley Stable were voted age-group champions today by the Thoroughbred Racing Associations.

Buckasser was voted top among colts' horses and geldings 4-years-old and upward. Vitrolite was named best 2-year-old colt and Queen of the Stage was voted the best 2-year-old filly.

Reflected Glory Makes Comeback

By T.D. MEIER, Associated Press Sports Writer

Reflected Glory, the colt who was the winter book favorite for the 1967 Kentucky Derby before suffering bucked shins, is well along the road back to the big money in horse racing.

"He is coming along fine and we have high hopes for the future," trainer Hirsch Jacobs said today.

The veteran Jacobs, who conditions the colt for his wife, Mrs. Ethel D. Jacobs, said the 3-year-old son of Jester-Lysistrata would make his next start Saturday in the \$50,000 Staygreen Handicap at Aqueduct.

Reflected Glory put in one of his old-time charges from last place and won the \$15,000 Old Rosebud Purse before the Gallant Fox Handicap at Aqueduct last Saturday. Ridden by Brailo Baeza, Reflected Glory made up some 15 lengths coming into the stretch and then caught and passed Flying Tackle who led by eight lengths with 200 yards left.

"He came out of the race in good shape," said Jacobs of Reflected Glory who now has won \$161,000 this year with five victories in 11 starts, including two of his last three outings.

Proud Clarion, the Derby winner, proved a disappointment for Baeza in the Gallant Fox. Off as the 2-5 favorite, Proud Clarion finished sixth in the 1-5/8 mile race, 49 lengths back of Niarkos, the surprise winner who led all the way.

Jorge Velasquez, the nation's leading jockey, moved closer to his 1967 goal of 400 winners with a triple at Tropical Park including Icy Nine in the City of Miami Handicap.

With only five seniors, Aggie coach Gene Stallings did a wondrous job, and he's my nomination for "Coach of the Year" honors.

People also remember that Stallings was an assistant at Tusculum under Bryant before journeying to College Station a few years back. The Cotton Bowl, therefore, will provide a real teacher-pupil battle on January 1. Only their players decide who wins or loses.

Honored Opera

After it was premiered at the New York Metropolitan Opera House, Samuel Barber's opera, "Vanessa," was performed at the Salzburg Festival, the first American opera to receive this honor.

Aggies Get SWC Title Hard Way

By RALPH ROUNTON, Star Sports Writer

In a whirlwind finish so common to this area, those unpredictable Texas A&M Aggies won their last six games and the South West Conference championship.

This was all climaxed by the Ags' 10-7 dismissing of the floundering Texas Longhorns last Thursday afternoon. The win gave A&M a 6-4 mark on the year, after their infamous 0-4 start in the first month. One must realize, however, that the Aggies were just short of winning in each of those first four games.

A&M lost 20-17 on national TV to Southern Methodist on a touch down drive directed by a five feet, four inch quarterback for the Mustangs in the last half minute. Most likely the Aggies worst game against Louisiana State, when the Bayou Bengals trotted in with a 21-6 victory. The next week provided Purdue of the Big Ten.

Ranked second in the nation at the time, the bollermakers had to move mountains before subduing Stallings pack 24-20. That final loss came at Kyle Field in College Station, as the Florida State Seminoles scored a TD in the final minute to win 19-18. But since then, it's been sweet for the Aggies, as they never lost heart.

Through the last six wins, however, the Aggies often had to come from behind even in the final quarter against Texas, when star QB Edd Hargett unleashed an 80 yard pass play to flankerback Bob Long to regain the lead, 10-7. And by the way, A&M has but five seniors on their 1967 squad. Game for game, nevertheless, Texas A&M just couldn't match up to the overpowering giant of the Arkansas-Tech era in the first half of this decade, patterning more like the SMU champs of last year.

Still the Aggies rose to the occasion more often than the '66 Ponies who played every game for the last two minutes, when Jerry Leivas and Company would shoot the works. And the Cadets beat Arkansas, something SMU couldn't come close to doing since the Porkers went 5-5 in 1963.

Now A&M must carry the SWC torch at the Cotton Bowl in Dallas on New Year's Day, facing the Crimson Tide of Alabama, coached by a man they call Bear Bryant.

With only five seniors, Aggie coach Gene Stallings did a wondrous job, and he's my nomination for "Coach of the Year" honors.

People also remember that Stallings was an assistant at Tusculum under Bryant before journeying to College Station a few years back. The Cotton Bowl, therefore, will provide a real teacher-pupil battle on January 1. Only their players decide who wins or loses.

After it was premiered at the New York Metropolitan Opera House, Samuel Barber's opera, "Vanessa," was performed at the Salzburg Festival, the first American opera to receive this honor.

Packers Win But Praise Bear Defense

Green Bay's burial brigade has made an early killing in the National Football League's Central Division.

But, if you ask Packer pundit Vince Lombardi, Chicago's Papa Bear is a very lively corpse. Lombardi lauded George Halas, Chicago's 72-year-old owner-coach, Sunday after the Packers nailed down the Central title with a 17-13 verdict over the rugged Bears.

"Get this straight, he's an old man but he's a great man," Lombardi told newsmen in Chicago, where stories had been written suggesting Halas step down after 40 years as the Bears' pilot. "A lesser man might have given up after what happened to him. But Halas doesn't know what it means."

"Instead of giving up, Mr. Halas turns around and gives the league its most improved team. The Bears are a great club, and I'm glad we clinched it against them."

While the Packers' hard-earned victory gave them an insurmountable 3 1/2-game lead in the Central Division, the Dallas closed in on the Capitol title, Cleveland clung to the Century lead and unbeaten Baltimore regained its one-game edge in the Coastal race.

New York flattened Philadelphia 44-7, dropping the Eagles three games off Dallas' Capitol pace with three games remaining. The Browns outscored Washington 42-37 to remain one game ahead of New York in the Century scramble. The Colts moved one game up on the Los Angeles in the Coastal derby by trimming San Francisco 26-9 for a 2-0-2 mark.

Minnesota downed Pittsburgh 41-27 and New Orleans edged Atlanta 27-24 in other NFL games.

In American Football league play, Houston kept its Eastern Division pennant hopes alive with a 27-6 victory over Boston and Miami upended Buffalo 17-14.

Green Bay's defending NFL champs capitalized on Dave Robinson's pass interception and Travis Williams' 69 yard kickoff return for two first-half touchdowns, added a third-quarter field goal by Don Chandler and then field off the Bears for their eighth victory against two losses and one tie. The second-place Bears are 5-6.

Bart Starr passed five yards to Boyd Dowler for the Packers' first TD and Donny Anderson plunged one yard for the second. Chandler's 38-yard field goal followed Gale Sayers' fumble of a Packer punt.

Sayers, however, fumbled for 117 yards on 18 carries and scored the Bears' lone touchdown on a 43-yard punt. Two field goals by Mar Perret completed the Chicago scoring.

Scrambling Fran Tarkenton led the Giants, 6-5, on their biggest point binge in four years, passing for 261 yards and three touchdowns. Homer Jones caught two TD passes, including a 63-yarder that helped him become the first NFL receiver to go over the 1,000-yard mark this season.

Lesley Kelly topped the 1,000-yard plateau in rushing yardage, stroking for 163 yards and two touchdowns while helping Cleveland, 7-1, offset the red-hot passing of Redskin quarterback Bobby Ferguson.

Jerry Ritz hit on 32 of 50 tosses for 373 yards and three touchdowns. Earl Ward returned a kickoff 104 yards for the Browns' game-breaking touchdown.

Four field goals by Lou Michaels and Lemmy Lyles' 36-yard scoring scamper with an intercepted pass carried the Colts past San Francisco. The 49ers, unable to penetrate Baltimore's tough defense, had to settle for three Tommy Davis field goals while dropping their sixth game against five victories.

Defensive back Karl Kasulke set up two Minnesota touchdowns by blocking a punt and covering a fumble as the Vikings broke away from Pittsburgh in the final quarter with 21 points in just over two minutes.

Bill Kilmer's seven-yard TD pitch to Kent Kramer with 53 seconds to play shot the Saints past the Falcons in a Dixie dog-fight between the NFL's two newest franchises. Hoyle Granger romped for 124 yards and one touchdown; Pete Beath and flipped a two-yard scoring pass to Glenn Bass and John Wittenborn kicked three field goals as Houston, 6-3-1, moved within one game of New York's title AFL Eastern Division lead.

Rookie Bob Griese hooked up with Howard Twilley on a 31-yard scoring pass in the final minute, giving Miami its second AFL victory in 10 starts.

AIC Stars in Football Game Tonight

By THE ASSOCIATED PRESS
All indications are that the first Arkansas Intercollegiate Conference All-Star game, scheduled for tonight at Monticello, will be a wide-open affair. The game matches league champion Arkansas A&M against a group of all-league performers.

Blitzing is prohibited on both sides and both teams are to stay in the same defense between the 20s.

"It's all set up for a lot of offense, a lot of passing," A&M Coach Bill Calaway said. "You know they'll throw a lot with the people they've got, and we'll have to throw to try to stay with them."

Arkansas Tech's Leon Anderson will be the quarterback and he'll be throwing to three of the league's top receivers. Anderson completed 107 of

lead from Bobby Unser on the final lap and drove his powerful All-American racer to victory in the first running of the Rex Mays 300-mile race for Indianapolis-type cars.

HOPE (ARK) STAR, Printed by Offset

214 for 1,384 yards during the season and was second in the conference in total offense with 1,895.

The All-Stars will run out of a pro set and the split receivers will be Billy LeFay of Henderson, who caught 36 for 405 yards during the season, and Travis Giles of Southern State, who grabbed 46 for 702 yards. Anderson will also have Tech tight end Don Thone who caught 50 for 712.

Quachita's Johnnie Johnson and Harding's Jimmy Howard, the top two rushers in the league, will round out the backfield.

A&M quarterback Gary Tate will be doing the passing for the conference champions. He completed 94 of 185 for 1,244 yards and 12 touchdowns during the season. His prime receivers are Larry Stanley and Tommy Larance.

The kickoff is set for 7:30 p.m.

Daytona Meet Comes to Close

DAYTONA BEACH, Fla. (AP) — Jerry Hansen of Minneapolis Sunday drove his Lola-Chevy over the 3.1 mile track road course at an average speed of 111.6 miles per hour to win the closing and feature race of Champions at Daytona International Speedway.

UCLA Rated Tops in Basketball

By TED MEIER

Associated Press Sports Writer
UCLA and Adolph Rupp, veteran Kentucky coach, may set all-time records in the college basketball season that opens officially Friday night.

UCLA, favored to win its second straight national championship, may be shooting for an all-time 61-game winning streak. Rupp can become the all-time winning coach with 772 triumphs.

UCLA, with 7-foot-1 Lew Alcindor as the key, seeks its 35th consecutive victory in its opening game against Purdue at Lafayette, Ind., Saturday afternoon.

The Bruins of Coach Johnny Wooden were unbeaten in 30 games last season. They had started the 1967 season with a carryover of four in a row. Thus it is possible for them to erase this season the record of 60 in a row set by the University of San Francisco 12 years ago when Big Bill Russell, now of the pro Boston Celtics, starred for the

Dons. And with the towering Alcindor back as a junior, along with other stars such as Lucius Allen, Mike Warren, Ken Helitz and Lynn Shackelford, most observers believe UCLA will do it.

Rupp, already the winningest active coach with 760 career victories, needs only 12 more by his Kentucky Wildcats to break the all-time record of 771 held by the retired Phog Allen of Kansas. Kentucky need only match its 13-13 record of last season for Rupp to become No. 1 on the all-time coaching list.

Kentucky, unranked in the preseason Associated Press poll in which UCLA was an unanimous choice, opens on the road against Michigan Saturday.

Houston was ranked second and Louisville third in the AP poll announced last Saturday. Rounding out the Top Ten, in order, were North Carolina, Kansas, Dayton, Boston College, Princeton, Vanderbilt and Davidson, Indiana and Tennessee missed making the Top Ten by only a few votes in the balloting by the AP panel of 30 sports writers and broadcasters.

Wooden, whose UCLA teams have won the national title three times in the last four years, said the Bruins won't have an easy time this season.

"As a matter of fact, our own

Muskies Back on Top With Play at Home

By THE ASSOCIATED PRESS

Home is where the heart is, and in the case of the Minnesota Muskies there are a lot of victories there too.

The Muskies replaced Indiana atop the American Basketball Association's Eastern Division Sunday by trouncing the Pacers 121-99 at Minneapolis-St. Paul.

Pacific-8 Conference has some might good teams," he said. "We first have to win here before we can play for the national title."

Three of the Top Ten, Princeton, Louisville and Davidson, open at home Friday night, Army is at Princeton, George town, Ky. at Louisville and Bucknell at Davidson.

On Saturday, in addition to UCLA at Purdue, Northern Michigan is at Dayton, Utah State at Kansas, Virginia Tech at North Carolina, Vanderbilt at Southern Methodist and Sacramento State at Houston, Boston College doesn't open until Dec. 5 at home against Dartmouth.

for their ninth straight home-court victory and 13th triumph in the last 15 games.

In other ABA action Sunday, New Orleans drubbed New Jersey 134-116, Dallas topped Anaheim 114-102 and Denver blasted Pittsburgh 112-99.

Los Angeles edged St. Louis 109-105 in the only National Basketball Association game Sunday.

The Muskies, sparked by Don Freeman's 26 points, built up a 30-point lead, 107-77, in the fourth quarter and coasted to their 14th victory in 16 games. Oliver Darden scored 15 points for Indiana, now 14-6.

New Orleans, the Western Division leader, led by only seven points, 107-100, in the second half but then pulled away for an easy victory. Substitute Jesse Branson paced the winning Buccaneers with 34 points. Tony Jackson poured in 36 for Jersey, 10

Bob Verga scored 34 points for Dallas, which was held to 159 points in the first period but then broke loose for 41 in the second. Bob Bedell paced Anaheim with 23.

Tom Bowens and Wayne Hightower each scored 26 points to pace the Denver victory. Chicago Vaughn sank seven three-point baskets and finished with 29 points for Pittsburgh.

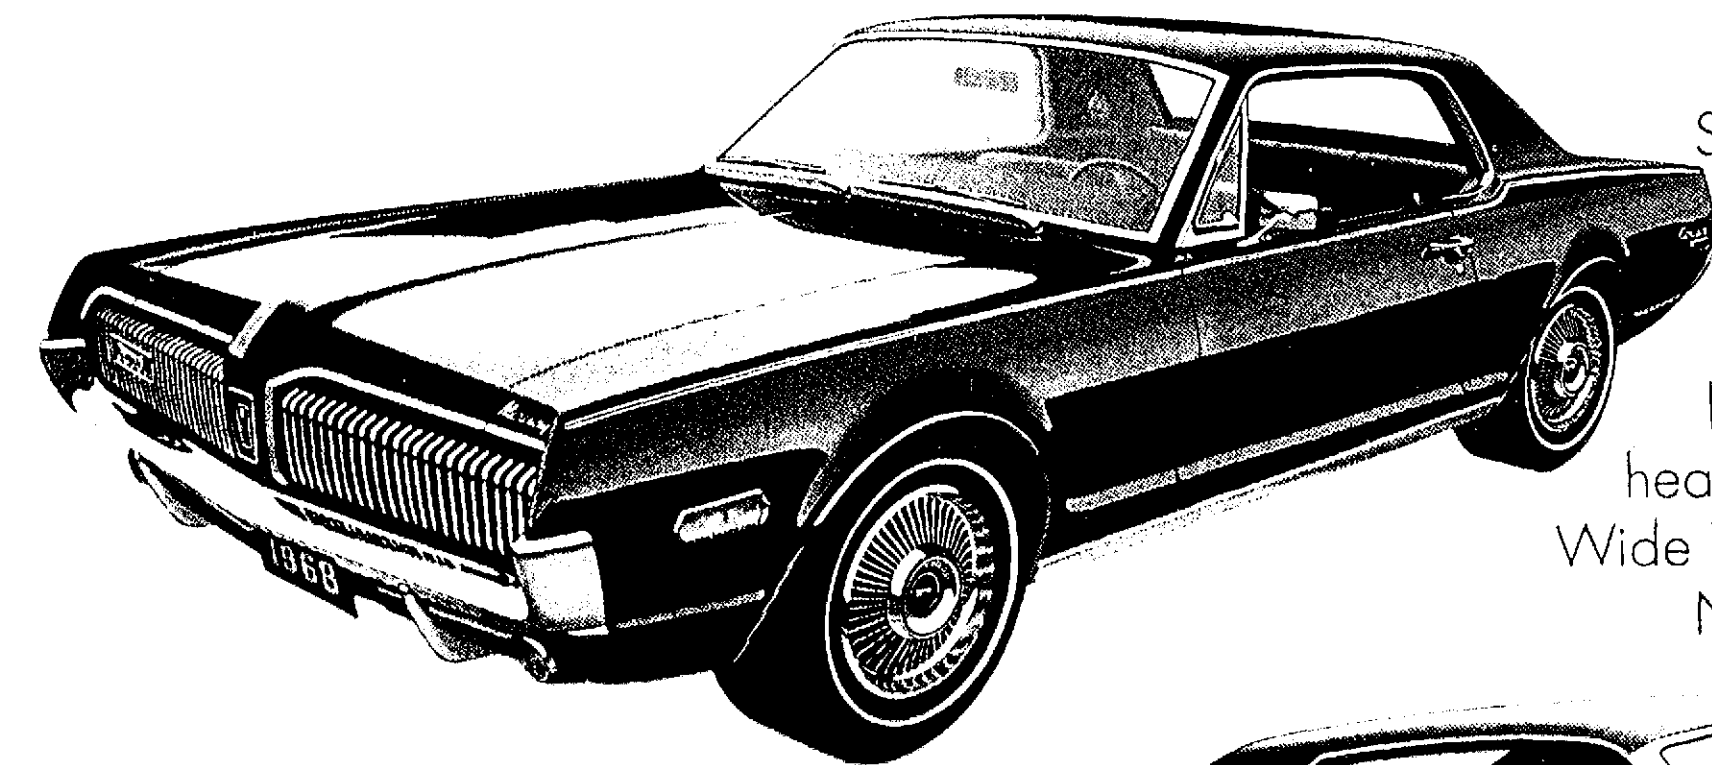

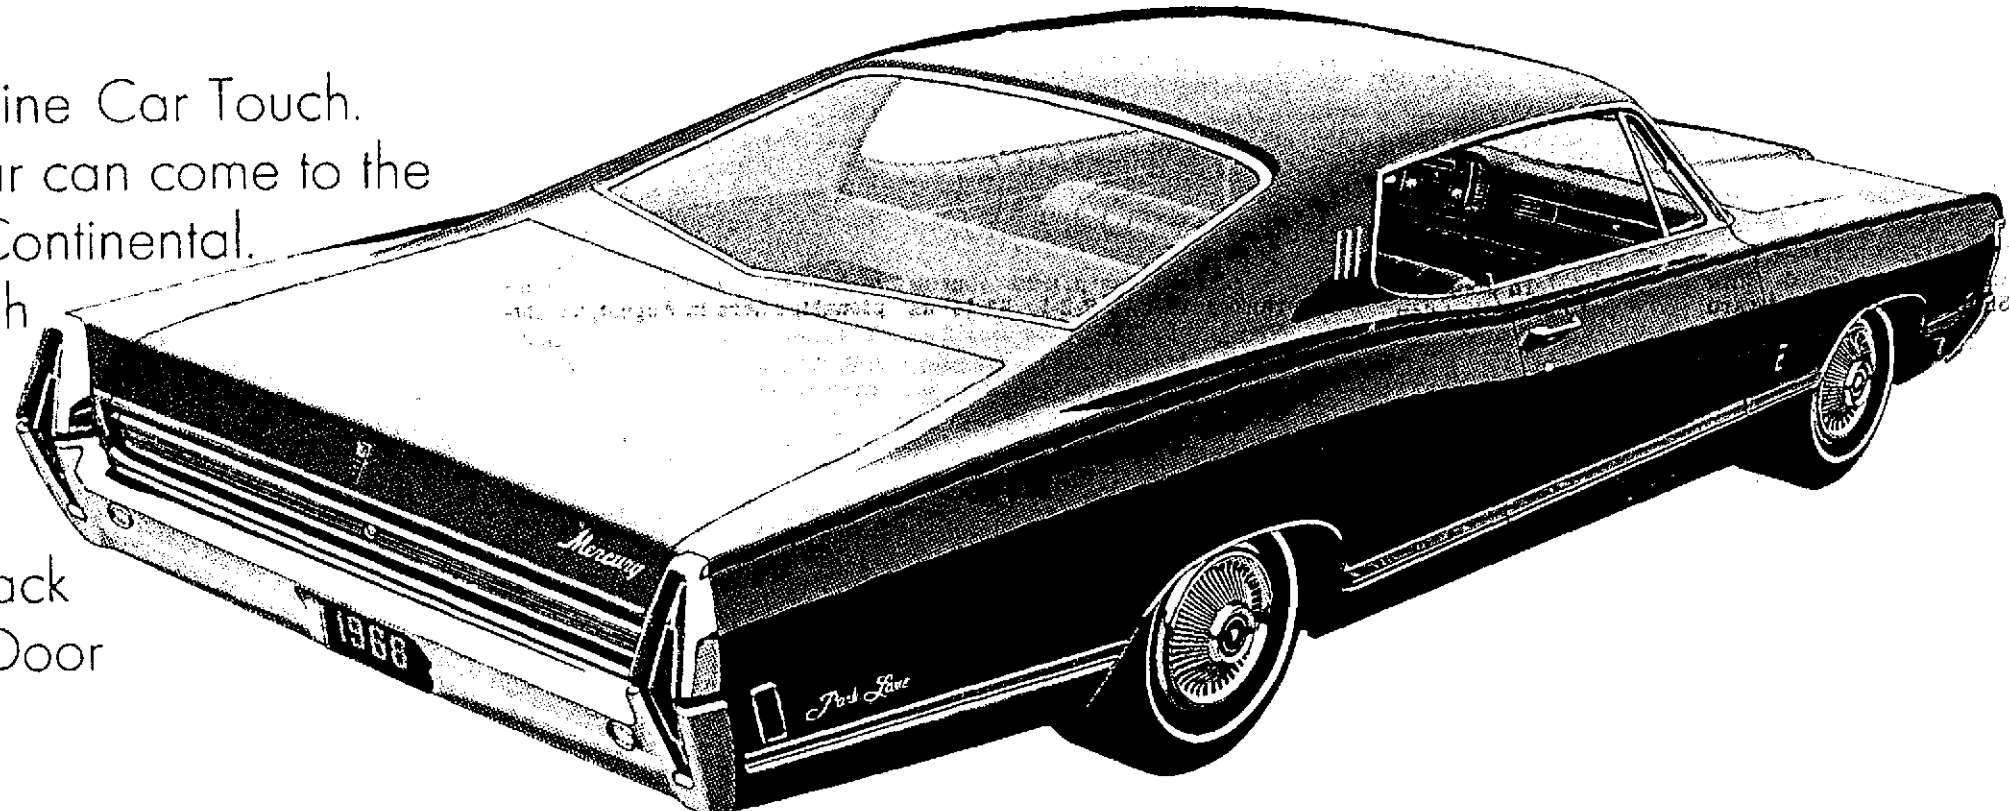

For 1968, Mercury's got it! The Fine Car Touch inspired by the Continental.

Mercury is rolling again. We've got cars. With plenty more on the way. Each features the Fine Car Touch inspired by Lincoln Continental. Our mood is, "Let's catch up." So you'll find us very friendly indeed — ready to make it easy for you to own one of these great new Mercurys:

Oswald: "Do you remember the story about the enthusiastic bridge player who showed when he had a big hand in three ways? First, his face would light up. Then he would misplay it. Finally, if he got a chance to do so, he would misplay it."

Jim: "If he misbid it, I am sure that he would misbid it on the overbidding side. One general bad habit of almost all players is to overbid good hands and underbid bad ones."

Oswald: "Here is a hand that really illustrates this. We shouldn't quarrel with South's two spade opening although he really is just a trifle too weak to open with a game force."

Jim: "Right. I see what you mean about overbidding. South didn't quite have enough for his opening two bid, yet on the strength of a raise from his partner South went all the way to seven spades by the Blackwood route. Of course, he did find out about those three kings, but what he really wanted to find in dummy would be

WHAT GOES UP usually comes down—and in this case but hard! Ballerina Janet Karlin of the Australian Ballet Company had her ups and downs in rapid succession recently at Sydney's Tivoli Theater. Left, Janet and partner are airborne—all grace, form and verve. But seconds later, right, disaster!

one less minor suit king, one more trump and either a shortage of hearts or the queen of that suit. With the dummy that hit the table, South was fairly lucky to make six. You don't always pick up the whole trump suit when you miss four to the queen."

Oswald: "Strangely enough, South blamed his partner. He felt that North had no right to raise him with only three trumps and not even one doubleton."

Jim: "North really should not have raised that partner. Of course, North did have a hand that called for an immediate spade raise, but you should not make a bid merely because it is the correct book bid. North could have anticipated just about the way South acted after hearing that positive response and made some deliberate underbid to discourage South from going through the roof."

By PHIL PASTORET

Men—why buy hair-graying goop when trying to follow front-office directives will do the same chore for you?

If the office goof-off doesn't watch out, he'll find himself working for a leaving.

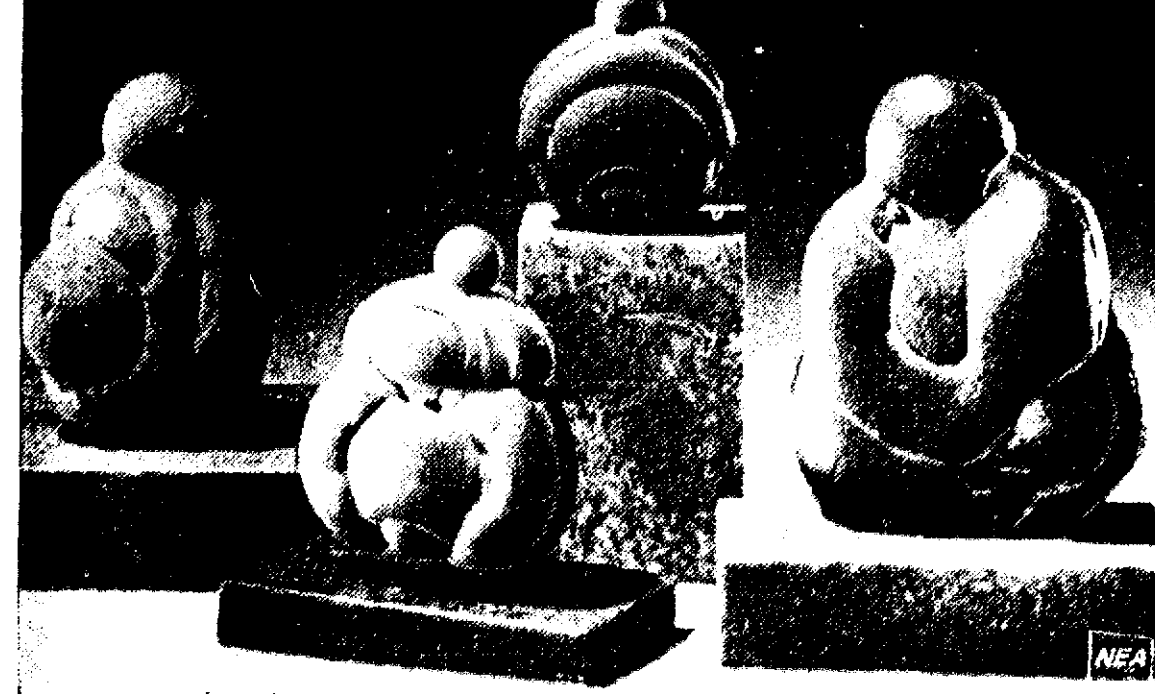

People who don't know what to do about mice have a

lot in common with our schizophrenic cat.

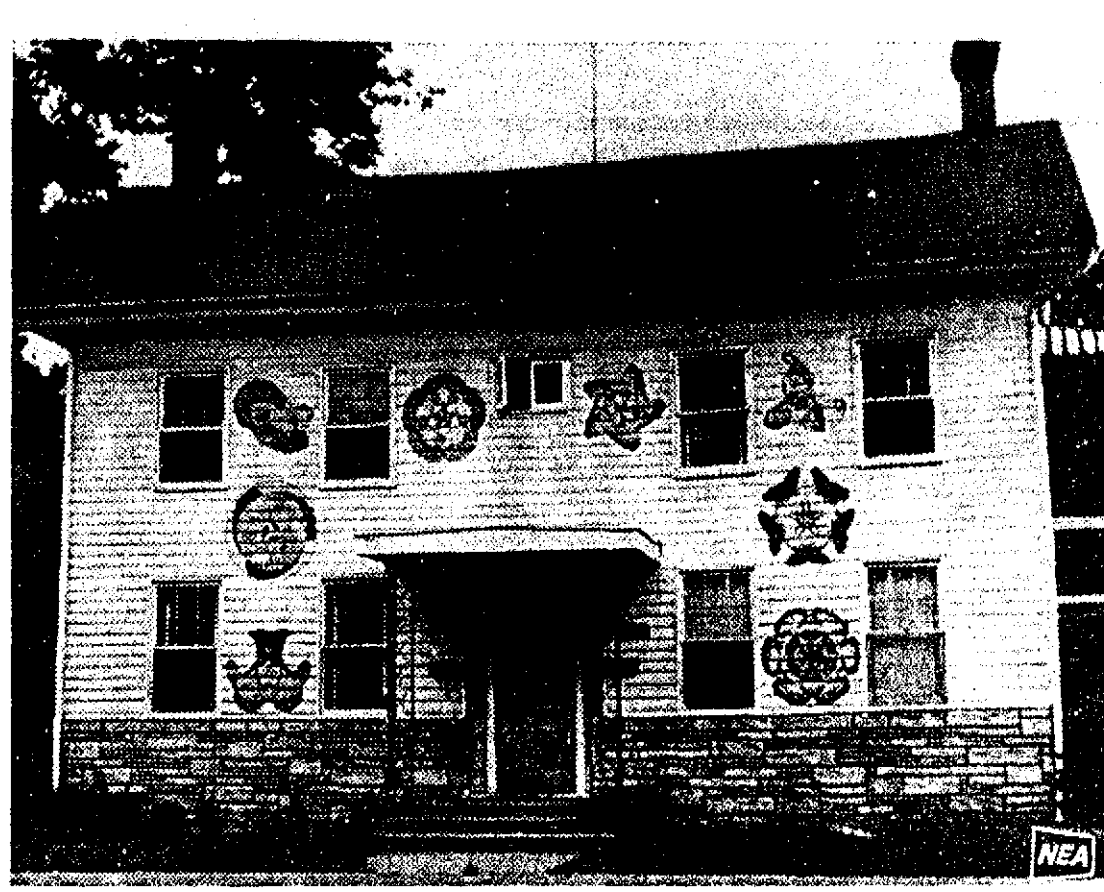

The fellow who shows up for work with a cold should get the same kind of shoulder from the rest of the employees.

There are about 206 bones in the human body—except when eating catfish.

(Newspaper Enterprise Ass'n)

NATURE'S ART is exemplified in these "concretions" found in the northeastern part of the U.S. Observers at Chicago's Field Museum of Natural History usually take them for examples of primitive art, but actually they are natural formations found in sedimentary rocks such as limestone, shale and sandstone.

HEX HOUSE in Vincennes, Ind., has caused more than one tourist head to turn. The intricate designs were achieved with a machine patented by local inventor and artist Leonard Crow. The device can duplicate almost any pattern with kaleidoscopic effect.

THE WELL CHILD

Megacolon Correction Comes Early In Life

By WAYNE G. BRANDSTADT, M.D.

A mother writes that her daughter, 5, has been taking Prostagmin for a redundant colon for over three years. She wants to know what is meant by a redundant colon, whether her daughter will outgrow it or whether she will have to take the drug indefinitely.

This condition, usually called megacolon or Hirschsprung's disease, is a congenital enlargement of the colon. It sometimes corrects itself in the first year of life but does not do so when it has persisted past the child's first birthday.

When an obstruction below the colon is the cause, this should be removed. If this child can be maintained in good health on a carefully regulated dosage of neostigmine (Prostagmin), the drug should be given indefinitely. It will cause no side effects, but it should not be used by persons who have asthma. If good health cannot be maintained with the drug, one of several types of operation may be necessary.

Q—Our daughter, 7½, has never been toilet-trained. She is in second grade and soils herself in school. Have you any suggestions?

A—When a child who is not

mentally retarded has not learned to control her bowel or bladder by the time she is three or four years old, an emotional problem must be suspected. Your child may need the care of an expert in child psychology to bring her out of her difficulty.

Q—Our son, 2, has von Recklinghausen's disease. Although we have been told that this disease is usually hereditary, no one in our large families (my husband's or mine) has had this disease. What would cause it and what are the chances it would appear in any other children we may have?

A—This disease, neurofibromatosis or multiple nerve tumors of the skin, is, as you say, hereditary. Such diseases sometimes appear in an ancestor (not necessarily a parent or grandparent) in so mild a form that it goes undiagnosed. With so little family history of the disease, there is little chance that it would affect a second child but this is a world wherein nothing is certain.

Q—The cause of this condition, known as vitiligo, is a lack of pigment in the skin. The underlying cause is unknown. The condition is not a threat to your daughter's health. The only satisfactory treatment is the use of masking cosmetics.

done for them?

KCS Discontinues
Passenger Trains

This morning's mail brought me an announcement that Kansas City Southern Lines and its affiliated Louisiana & Arkansas Railway are discontinuing all passenger trains.

Hope lost its L & A passenger service to Shreveport several years ago, but today's announcement is far-reaching. It means the termination of passenger trains between Kansas City and New Orleans on the route made famous by the Southern Belle. Texarkana is affected directly. The Cotton Belt cancelled all passenger service some years ago, now the KCS coaches are going out—leaving Missouri Pacific as the sole passenger-carrying line for both Texarkana and Hope. . . . and today's KCS announcement raises a great big doubt about the "Mop."

The Kansas City Southern statement cited two factors in its decision to drop passenger service: (1) Loss of passengers to the airlines and the highways, and (2) loss of contracts to carry the mail. The railroad reported these figures:

It spent 5 million dollars since Jan. 1, 1962, improving passenger car equipment—but operating losses increased.

The KCS system lost \$2,700,000 on passengers in 1965, which loss increased to \$2,900,000 in 1966—and hit \$1,800,000 for the first half of 1967, making the projected loss for the full year \$3,600,000.

In addition to the decline in passenger revenue the road has been hit by the discontinuance of mail contracts—the final blow. KCS reports two Railway Post Office cars have already been cancelled, and the remaining cars will be discontinued Jan. 12, 1968. Last revenue of approximately \$700,000 due to these terminated Post Office Department contracts would make passenger service a prohibitive operation in 1968—so KCS is quitting this end of its business.

It's the end of an era, of course—but I see no grounds for public protest. The Railroads deserve the same treatment at the hands of regulatory agencies that the airlines get—and with air transport the established rule is that you either use air service or you lose it.

Your newspaper figures in the KCS picture to the extent that we pay freight charges to its affiliated LAA on 100 tons of paper shipped in from Lufkin, Texas, every year. Personally we wouldn't pay a dime's extra freight charge just to keep passenger trains running which people no longer ride.

Nazarene Meet in Progress

Revival services started Sunday at the Church of the Nazarene, 513 South Elm, and will continue through December 3 with services each night at 7:30 by Evangelist Harold J. Willis. The public is invited by Pastor George C. Prentice.

Would Improve Slum Conditions

PHILADELPHIA (AP) — An anti-poverty group hopes to improve slum conditions in South Philadelphia by teaching tenants how to clean, scrub and care for their homes.

Under the plan by the group, known as the Community Action Council, city housing aides will instruct tenants how to meet housing code requirements that occupants keep their dwelling units, cooking and plumbing facilities clean and sanitary.

About 600 tenants who wound up before magistrates last year said they were unaware that they were violating these housing code requirements.

Peter Cremins, city housing chief, said, "Sometimes a tenant either isn't able or doesn't know the principles of how to keep a house clean."

Leaders From Seven Nations Back U.S. Defense of Dollar

Sees Return to Gold Standard

By STEPHENS BROENING
Associated Press Writer
PARIS (AP) — President Charles de Gaulle again today rejected Britain's efforts to join the European Common Market despite its financial housecleaning.

He said its devaluation of the pound, however, may lead the world's money system back to the gold standard, something he advocates.

De Gaulle told a news conference he feels Britain still is not ready to enter the Common Market and said France will not negotiate on its application for entry. Britain's membership at this time, he added, would mean breaking up the economic community.

On other subjects, de Gaulle repeated his contention that U.S. involvement in the war in Vietnam prevented a search for a Middle East peace by the Big Four — France, Britain, the Soviet Union and the United States. De Gaulle believes only the Big Four can settle Middle East problems.

De Gaulle said even a start on Common Market negotiations, which Britain has asked, would be advance approval for breaking up the European community. What is needed now, he declared, is a strengthening of European ties to be able to match the economic power of

WASHINGTON (AP) — Banking leaders from seven nations comprising the International gold pool have promised to fully support the United States in its efforts to defend the dollar from heavy speculation in gold.

Meeting in Frankfurt, Germany, he bankers announced Sunday they possess sufficient gold reserves to guarantee the present \$35-an-ounce exchange rate. But they invited other nations to help defend the gold rate in the face of the frenzied wave of buying touched off by Great Britain's devaluation of the pound.

In a brief statement, the bankers said they "look decisions on specific measures to insure by coordinated actions orderly conditions in the exchange markets and to support...the fixed price."

"The volume of gold and foreign exchange reserves at their disposal guarantees the success of these actions," the statement declared.

Details of the actions were not announced. In Washington, the invitation to other nations to join the gold pool was seen as directed toward France, which left the pool in June. The United States has assumed the 9 per cent share held by the French, increasing U.S. participation to 59 per cent.

There have been reports that banks of other nations, including France, have joined the gold run in the London market. A French official Friday denied responsibility for the gold-buying wave.

However, the British press Sunday attacked French President Charles de Gaulle on charges of attempting to sabotage Britain's devaluation plans and overthrow the international stability of the dollar.

Motorcycle Gang Who Nailed Girl to Tree Now Face Crucifixion

WEST PALM BEACH, Fla. (AP) — Angered over the nailing to a tree of a girl member of a motorcycle club, Sheriff William Heidman took two detectives and raided motorcycle clubs in Chicago, Indiana and Detroit until he found his quarry.

Heidman arrived at West Palm Beach Airport about 3 a.m. Sunday with his three handcuffed prisoners.

Florida Gov. Claude Kirk was at the airport to meet them.

"You left that girl hanging to the tree and I want to make an example of this thing," said the governor, natty in a pin-striped suit as he talked with the grimy-faced prisoners.

"Crazy John, Squirrel and Mangy," Kirk said, repeating the men's nicknames. "This bunch of bums has got the word they're not welcome in Florida. I hope young thrill-seeking girls who go with them know now they can get their fingers burned. In this case, their hands nailed."

Booked on charges of aggravated assault and conspiracy were Donald "Mangy" Graves, 18, of Detroit, Joe "Super Squir-

rel" Sorsby Jr., 19, of Houston, and John "Crazy John" Wables, 24, of Warren, Mich.

Heidman and his men, reinforced by squads of Detroit police, arrested them in a Detroit motorcycle club Friday night after a 1,600 mile, three-day hunt.

Along with two men arrested Nov. 14, they are charged with driving four-inch spikes through the hands of 18-year-old Christine Deese Nov. 10 as punishment because she held out \$10 from a club member.

Heidman a sheriff of Palm Beach County, said Christine's outstretched arms were nailed by the hands to a thick limb of an oak tree, with her toes just touching the ground, for about 15 minutes while club members sat around her.

"You could call it a crucifixion," he said.

After arresting Norman "Spider" Risinger, 25, of Tampa, Fla., and Frank "Fat Frank" Link, 25, of Cypress, Calif., Nov. 14, Heidman asked Kirk for permission to chase the other three for whom he held warrants made out only to their nick-

Charles Gough, Director of Parks and Recreation of Hope gave the Hope Rotary Club a good look at his program with its many aspects when he spoke to the club on Friday, November 24 at the luncheon meeting in the Town and Country.

Hope has been outstanding in this department for several years, and this past summer the State Little League Tournament was played here at "K" Park. The speaker told of the \$7,500 improvement on this baseball field, the bleachers, and the concession area.

Colored slides of City Park, the Youth Center, and many parts of Fair Park illustrated the remainder of his talk. The program was arranged by Guy Basye and B.N. Holt introduced the speaker.

President Clyde Fouse was in charge of the brief business session and he welcomed members, visiting Rotarians, Ben Harding of Emmet and Larry Van Order of Southgate, Calif., and a guest R.E. Jackson of Columbus.

Hope Driver Involved in Fatal Wreck

Stamps—Terry Wayne Downs, nine-day-old son of Mr. and Mrs. Thomas Downs of Stamps died Sunday night in a Lewisville hospital from injuries sustained in an auto wreck Saturday night north of Lewisville.

Arkansas State Trooper Bill Booher said the accident occurred when an auto driven by Thomas Downs, pulled up to a stop sign on a County Road and stopped. Another car driven by Aggie B. Griffin, Negro, of Hope, turned onto the county road and hit Downs' car. Neither parent was injured. Griffin and a companion, Buddy Brown, also of Hope, escaped injury.

Officer Booher said Griffin has been charged with driving while intoxicated. Both Griffin and Brown were charged with drinking on a state highway and were placed in jail at Lewisville.

This Dog a Best Friend?

LINCOLN, Neb. (AP) — Who says a dog is man's best friend? The Nebraska State Game Commission reports that since the Nebraska hunting season opened a few weeks ago, two hunters have been shot by their dogs.

On one occasion, the commission said, a loaded shotgun placed in the back of a pickup truck was fired by a dog stepping on the trigger. The blast struck a 13-year-old hunter in the elbow.

Another hunter placed his shotgun on the ground and was trying to get his young dog interested in a pheasant. As the dog jumped around he stepped on the trigger, shooting the man in the foot.

Freeways Give the Best View

PORTLAND, Ore. (AP) — Emily J. Mann, who was born in Oregon just seven years after it became a state, celebrated her 101st birthday Sunday. She has watched the growth of her city and state with interest — especially the freeways.

Riding on the freeway is "the best view of the city you can get," Mrs. Mann said.

Congress Faces Tax Issues

WASHINGTON (AP) — Rested from a Thanksgiving recess, Congress returns to complete action on controversial legislation dealing with poverty, foreign aid, Social Security and the big issue of the session—taxes.

Both Senate and House scheduled noon sessions today—but the key decisions will come first in the committee rooms.

President Johnson's proposal for a 10 per cent surtax on income taxes was considered to be on its deathbed two weeks ago and some opponents, both Democratic and Republican, say they still believe it will expire.

But the British government's move Nov. 18 to devalue the pound has produced new arguments from the administration for the tax hike—arguments it hopes will resurrect the tax bill in the House Ways and Means

Floods in Portugal Claim 250

By ISAAC M. FLORES
Associated Press Writer

LISBON, Portugal (AP) — Grieving Portuguese buried their dead and dug away today at the muck and mire left by heavy weekend rains and floods which killed more than 250 persons and destroyed thousands of dwellings in heavily populated Greater Lisbon and surrounding villages.

Hundreds more were injured, and many were missing under tons of debris and mud. Mud-caked bodies were still being recovered in slums of Lisbon's suburbs and nearby villages.

The poor, living in flimsily constructed dwellings, suffered most. As the downpour collapsed house after house, there were relatively few casualties in better built buildings.

Most of the dead and injured were in the low-lying Lisbon suburb of Odivelas, where more than 60 bodies had been counted by sundown Sunday, and in the village of Quintas, about 30 miles north of Lisbon, where more than 90 were reported dead.

Interior Minister Alfredo Rodrigues dos Santos said "approximately 250" were dead but indicated the final toll was expected to be much higher. He directed municipal officials to bury the dead quickly because of the danger of disease and infection.

Residents of the affected area were warned to boil water before drinking it. There were reports health authorities would conduct a vaccination campaign against typhus.

The heavy rains, which the weather Bureau said were unprecedented in many areas, brought disastrous flooding in low sections.

A dike broke in Odivelas, sending water gushing through the small town. The swirling torrents crumbled houses and swept up people, pets, livestock, automobiles and debris of all kinds.

Many people drowned. Others were crushed by collapsing walls. Some were electrocuted by broken power lines. There were many automobile accidents when the rain was the heaviest, between 6 p.m. and midnight Saturday. A great number were buried under mud slides.

Water rose 8 to 10 feet in some areas. Hundreds of cars were abandoned on the streets of Lisbon and on country roads. Many motorists took refuge on top of their cars or in nearby buildings. Some were hoisted up into second-floor windows.

Many drowned in their beds. Others were swept away by the flood waters. Houses collapsed, trapping whole families under the debris and mud.

This is the season for heavy rain in most of Portugal, but the Weather Bureau said the 3.6 inches that fell in the Lisbon area in six hours Saturday was unprecedented.

War Orders Cut by Army in Try to Avoid Surpluses and Waste

By BOB HORTON
AP Military Writer

WASHINGTON (AP) — The Army is slashing war production orders involving millions of dollars and is shuffling around other millions in on-hand goods in a broad effort to avoid wasteful surpluses in Vietnam, Pentagon sources report.

The move is in line with Secretary of Defense Robert S. McNamara's new directive urging efforts to "avoid the inefficiencies and waste" of past wars.

McNamara told the services and defense agencies Friday the Korean war resulted in \$12 billion in supply excesses, much of which had little salvage value because of deterioration and obsolescence.

"I am determined that this will not happen in Vietnam," McNamara said.

A high-level defense team returned from an inspection tour of the war zone a few days ago and told McNamara that for the first time since the huge Vietnam buildup began in mid-1965, accurate statistics on inventories are being compiled, partly with the aid of computers.

The team, including representatives from the Pentagon's Installations and Logistics Of-

Court Denies Writ to Avoid Murder Trial

LITTLE ROCK (AP) — The state Supreme Court denied today a petition for a writ of prohibition filed by Frank "Sonny" Davis, who was seeking to avoid trial on a first-degree murder charge.

Davis was arraigned last Jan. 30 and entered a plea of innocent by reason of insanity in Circuit Court in Garland County.

Circuit Judge Henry M. Britt then ordered Davis committed to the State Hospital for observation for a period not to exceed 30 days.

Last February, the hospital wrote the court that Davis had a "manic depressive reaction" and was a "manic type." It said Davis "was probably mentally ill to the degree of legal irresponsibility at the time of the alleged commission of his acts."

The hospital recommended that Davis remain in the hospital for treatment, but the court would not recommend him and set his trial for last Aug. 10.

Davis, however, filed his petition asking the high court to prohibit the circuit court from proceeding with the trial until he regained his sanity.

The Supreme Court cited state law which says insane persons may not be found guilty or punished. However, it said the law did not say whether a person can be tried.

Appointment of Davis Is Before Court

LITTLE ROCK (AP) — Atty. Gen. Joe Purcell argued today that State Police Director Lynn A. Davis wasn't eligible to hold the position because a person couldn't be a legal resident of two states at the same time.

Purcell, arguing at an oral hearing before the Arkansas Supreme Court, cited Davis' registration to vote in Wyoming in May 1966. He read into the record Wyoming's laws and constitutional provisions regarding voter registration.

The law included a clause saying that a person who registered in Wyoming intended to make that state his home.

Davis, who was appointed to the position by Gov. Winthrop Rockefeller last May 1, was ruled eligible by Circuit Judge Warren Wood of Little Rock. The attorney general's office appealed that ruling to the high court.

Davis' attorney, Robert Shults of Little Rock, told the high court that Davis had always intended to make Arkansas his home and that during his almost six years of service with the FBI, he didn't abandon his Arkansas residency.

Shults told the court that he didn't think Davis' registration to vote in Wyoming was valid because Davis actually had no intentions of living in Wyoming permanently.

Meat Supply Standards Get Priority

WASHINGTON (AP) — A bill to require that all of the nation's meat supply measures up to federal inspection standards was the first order of business for the Senate after its Thanksgiving holiday.

The measure, more stringent than legislation passed by the House, was approved unanimously by the Senate Agriculture Committee last week. It was to come before the full Senate today.

Secretary of Agriculture Orville L. Freeman and Betty Fajness, President Johnson's special assistant for consumer affairs, called it a great improvement over the House bill.

Federal inspection now is limited to meat crossing state lines, leaving about 15 per cent of fresh meat and 25 per cent of processed meat products to state or local inspection.

The Agriculture Committee said 29 states have mandatory inspection laws, 12 have voluntary systems, 2 have limited health regulations, and 7 have no meat inspection statutes. Like the House-passed bill, the Senate measure provides for federal technical aid and for up to 50 per cent of the cost of developing or improving state inspection systems.

Many Trades as Baseball Mari Opens

By JACK HAND
Associated Press Sports Writer
MEXICO CITY (AP) — The league trading mari is expected to pick up today when annual winter baseball trading opens after a weekend lobby conversation dominated expansion talks.

The New York Mets are involved in two deals still hanging in the air. The Chicago White Sox still are looking for a player as part of a swap that sent third baseman Kenny Boyer to the American League team last summer. The Mets, in turn, must give a player to Washington as part of an involved transaction by which Gil Hodges was released from the last year of his contract and permitted to sign to manage the Mets.

Cincinnati has been the central figure in two of the interleague deals in the last week. The Reds sent outfielder Tom Harper to Cleveland for first baseman Fred Whitfield and pitcher George Culver. Then the Reds shipped outfielder Floyd Robinson and pitcher Darrell Green to Oakland for pitcher Tompkins.

In the only other interleague deal, Detroit sent relief pitcher Earl Gladding to Houston to complete the Eddie Mathews deal of last August.

Deals by which "the player to be named later" is involved will be outlaid if proposed legislation is passed at the major league meeting later in the week.

Many owners think it is not proper for a club to withhold the name of a trade player until after the meeting.

The minor league convention ended today and runs through Wednesday. In contrast with the usual formula, the draft will be held Tuesday morning, not the first day of the meeting. When the time comes to picking, the number one choice will go to the Oakland Athletics to be followed by the Mets.

The Pacific Coast League formally approved Sunday the transfer of the Seattle franchise from the California Angels to

the Pacific Northwest Sports, Inc., headed by Max Soriano, president. Seattle will work with the Angels in 1968 and hopefully will be in the American League in 1969.

Joe Cronin, president of the American League, expects to add Seattle and Kansas City in 1969, probably splitting the league into two divisions with interlocking 152-game schedules. Kansas City has been replaced for 1968 by Oakland.

The National League, reluctant to rush into expansion, has told all applicants that no presentation will be heard here.

"I doubt very much if we will set any definite timetable for expansion at these meetings," said Warren Giles, National League president. "I am in favor of expansion. It is inevitable. But I don't want to have our hurried into it just because somebody else did."

The leading candidates for National League expansion are San Diego, Dallas-Fort Worth, Buffalo, Milwaukee, Montreal and Denver.

"It might make sense to put up with some inconvenience in the interest of going into the right cities on the right timetable," said Giles.

Group Action Is Rebuke to Johnson

By JAMES MARLOW
AP News Analyst
WASHINGTON (AP) — It's an oblique rebuke to President Johnson but it is of dubious value.

The Senate Foreign Relations Committee has approved and sent to the full Senate for its approval a resolution intended to curb the power of Johnson or any president after him in using the armed forces abroad.

The full Senate is unlikely to act on it this year. It may never do so. The committee may not press for action. And even if the full Senate eventually approves the resolution, Johnson and all other future presidents can ignore it.

For this reason: He would have to pay attention to it if it was a joint resolution passed by both House and Senate. That

Pentagon 'Whiz Kid' Mistaken

By FRED S. HOFFMAN
AP Military Writer
WASHINGTON (AP) — The Pentagon's leading "Whiz Kid" acknowledges it was he who recommended a hold-down on Army helicopter buying before the big U.S. buildup began in Vietnam. He says he was sorry later.

Dr. Alain C. Enthoven, assistant secretary of defense for systems analysis, told a Senate subcommittee he made the recommendation to Secretary of Defense Robert S. McNamara while the fiscal 1965 budget was being prepared.

The Army wanted to buy 900 UH1 helicopters, an increase of 200 over 1964.

"I recommended to Secretary McNamara that we stay at

would have the effect of law. But a resolution passed by House or Senate alone does not, so it can be ignored.

Then why did the committee bother with the resolution at all? It's the product of discontent among some senators with the war in Vietnam. Its roots go back three years, leaving some senators self-conscious about what they did then.

After North Vietnamese torpedo boats attacked U.S. destroyers in the Gulf of Tonkin in the summer of 1964, Johnson asked Congress to approve a resolution authorizing him to use the armed forces if necessary to stop Communist aggression in Vietnam.

He didn't ask for just a resolution by House or Senate. He asked for a joint one, and he asked for prompt action. Both houses gave it to him. Gradually, American involvement in Vietnam got deeper until now it is a war.

As the war dragged on, Johnson's critics in the Senate multiplied, as they did elsewhere. Both House and Senate have a more direct way open if they want to disapprove the war. They can resign the Gulf of Tonkin Resolution.

But no one is suggesting that. That would be a total rebuke but would probably mean American withdrawal from Vietnam. So far the Foreign Relations Committee's present resolution is the only rebuke being tried.

What is the stated purpose of the committee resolution? The committee has issued a report explaining what it has in mind. This report is sloppily put together but it goes like this:

But by the president's have been taking too much power to themselves in using the armed forces overseas, Congress must take back the power given it under the Constitution in the use of the armed forces.

Actually, although the Constitution says Congress alone has the power to declare war, it says the president is commander-in-chief of the armed forces and does not put any direct limits on his use of those forces.

The report says a declaration of war isn't the only means by which Congress can authorize the president to use armed forces, Congress can control such use by the method of a resolution.

The report says Congress must debate the resolution, spell out the kind of military action being authorized, and so on. All this means delay.

But Congress did authorize Johnson to act in the Gulf of Tonkin resolution. However, the report says in approving that resolution a "delay of a week or two would have enabled Congress to record its intentions in a legislative record."

The fact that Congress agreed to Johnson's request for prompt action in the Tonkin resolution, and did so, is its own fault, because it says approving the resolution was not a matter of the greatest urgency.

An example of the report's sloppiness. In 1962 Congress in a joint resolution backed President John F. Kennedy in his showdown with the Soviet Union during the Cuban missile crisis.

But now the Foreign Relations Committee report says in one paragraph that adopting the joint resolution on Cuba was not a matter of the "greatest urgency" and two paragraphs later says "prompt action" was essential.

That's not the only thing sloppy in the report. It has some bad history in it, too.

Trading Centers

Ninety per cent of all the total organized stock exchange trading in the United States takes place in the city of New York at the New York Stock Exchange, the American Stock Exchange and the National Stock Exchange according to the Encyclopedia Britannica.

HOPE (ARK) STAR, Printed by Offset

about the same rate of 700 we procured in fiscal year 1964," Enthoven testified. "He eventually decided on 720."

The 37-year-old Enthoven, highly influential in Pentagon policy formation since 1961, claimed "there were sensible reasons" for making the helicopter hold-down decision at the time.

His main point was that "the Army appeared to be getting out of balance" with a proposed chopper procurement rate that he felt then would have outrun formation of units and the training of crews.

About eight months after the fiscal 1965 budget went to Congress, President Johnson set in

motion the large-scale commitment of U.S. ground forces in the Vietnam war.

"When we greatly increased our combat forces in Vietnam and saw that the helicopter mobility that we encouraged was a very good thing," Enthoven said, "we wanted more, and we regretted that particular decision."

Unsuccessful Subway

The first experimental subway system in New York City was built in 1870 beneath Lower Broadway, with the cars being propelled through a tube by compressed air.

The system proved financially unsuccessful and was closed within a few years.

Vacation Cut by Plane Crash

MIAMI, Fla. (AP) — Two Kansas City law partners were homebound today, their vacation cut short by a plane crash in the Atlantic where they drifted on a raft for some four hours before being rescued.

Lantz Welch and James Horn told the Coast Guard in Miami they were picked up by a fishing vessel 50 miles at sea Saturday. The Coast Guard, unaware of the rescue, had continued its search through Sunday.

Welch said his engine went dead during a flight to the Bahamas. He said the plane sank three minutes after he and Horn clambered onto a life raft.

Britain's Hope Rests on Thin Air

By TOM A. CULLEN
European Staff Correspondent

LONDON — (NEA) — With the recent unveiling here of the world's largest Hovercraft, which will carry 600 passengers across the English Channel on a cushion of air, the British have established a clear lead in the cushion-borne field.

The \$126-million SNR-4, which has just been unveiled here, is four times bigger than any other Hovercraft yet built. It weighs 165 tons, is shaped like a flying saucer and can deal easily with 12 foot waves when the English Channel cuts up ugly according to its makers.

After engine and system checks, the giant SNR-4 will be put through extensive trials off the Isle of Wight before being turned over to its owner, Hoverloyd of Sweden, which hopes to start a cross-Channel service next spring.

Like all previous Hovercraft, the SNR-4 is the brainchild of Christopher Cockerell, whose first model was made from a baking powder can and powered by a vacuum cleaner. The Hovercraft has come a long way since those early pioneering days.

Today, more than 200 inventions have been patented, stemming from the original Hovercraft air-cushion principle, and the manufacture of Hovercraft marine vehicles has been licensed in the United States and Japan among other countries.

Among the more promising projects on drawing boards here are Hovertrains, Hoverbeds and lifting machinery, all of which are being financed by the quasi-governmental National Research and Development Corp.

The Hovertrain will be the costliest to develop but probably has the greatest commercial future. Track Hovercraft Ltd., a new company, has been set up to build a Hovertrain which will travel from 200 to 300 m.p.h. on a rectangular track using a silent linear induction motor. (The French are also experimenting with Hovertrains but using air-screw propulsion, which is noisy.)

The Hoverbed, in which the body floats on a cushion of warm, sterile air, is especially designed for the treatment of severe burn cases, and has been developed by doctors working with Hovercraft engineers.

The first two patients have already been successfully treated on Hoverbeds, and its backers are so enthusiastic that they are talking about

Mark 2 and Mark 3 models.

One patient was burning waste paper in a gale force wind when his oily clothes caught fire; the other had burns over one-third of his body. Both were placed on Hoverbeds where their bodies were suspended on air cushions, and as a result the weeping areas of the burns dried rapidly.

The Hoverbed uses what is called a "segmented skirt," which is an outgrowth of the Hovercraft air cushion principle. In this case, a bag made of nylon and coated with synthetic rubber is hung inside the bed's rigid framework. The top of the bag consists of two rows of pockets, or skirt segments, which are inflated when warm, sterile air is pumped into them.

When the patient is placed on the bed the pockets form a seal along the side of his body, and fall away beneath it. The body is thus left solely supported on air.

The same segmented skirt principle was used recently in Manchester to move an oil storage tank 50 feet in diameter, and with a storage capacity of 300,000 gallons from one site to another.

The rubberized skirt was fitted around the base of the tank, and the segments inflated until the tank was floating on an air cushion. It was then easily towed away by a tractor. During the operation the giant tank traveled over two stretches of rough ground, a railway line, and a road, and was turned through 180 degrees at its new site.

Use of the skirt eliminates jacking up the tank and laying tracks for it to be moved on rollers. A bright future is predicted for the new invention.

Festive Confections

Sweet things to eat are part and parcel of holiday pleasures. And delectable confections which require little or no cooking are favorites of cook as well as family and guests. Chocolate Marshmallow Haystacks—of the "no-cook" type—fit beautifully into the festive scheme.

Piquant cream cheese is the secret to their smooth character and is responsible for their fudge-like consistency. Combined with confectioners' sugar, it's a popular base for several varieties of uncooked candies. In this case, melted chocolate flavors the cheese-sugar mixture and then you fold in miniature marshmallows for taste and texture surprises. For a final fillip, the luscious little morsels are tossed in flaked coconut.

It's a generous recipe that makes four dozen "goodies" so you can keep some handy in the refrigerator to offer holiday callers. Chocolate Marshmallow Haystacks make neighborly gifts, too, especially if you arrange them in an attractive carrier such as a large brandy snifter, novelty candy dish or pretty bowl that can be used later for flowers.

Chocolate Marshmallow Haystacks

- | | |
|---|-------------------------------|
| 1 3-oz. pkg. cream cheese | 1/4 teaspoon vanilla |
| 2 tablespoons milk | Dash of salt |
| 2 cups sifted confectioners' sugar | 3 cups miniature marshmallows |
| 2 1-oz. squares unsweetened chocolate, melted | Flaked coconut |

Combine softened cream cheese and milk, mixing until well blended. Gradually add sugar. Stir in chocolate, vanilla and salt; fold in marshmallows. Drop rounded teaspoons of mixture in coconut, toss until well covered. Place on baking sheet; chill until firm. Yield: 4 dozen.

Give A Take-Your-Shoes-Off Party

A friend of ours gives one of the easiest and most popular parties of the year. It's a take-your-shoes-off party and is for her friends to relax during the Christmas rush. She serves the easiest but tastiest foods and lets her guests drop in anytime during a two-hour period.

Turkey Easy is just the casserole for the party. It can be made quickly, early and is economical. Why? Because "Turkey Easy" is made from leftover turkey roast, rice, almonds, hardcooked eggs, pimiento, cream of chicken soup—doesn't it sound good?

Remember when chicken was served only for company or on Sunday? Now it's the easy-on-the-budget meat. The same thing is happening to turkey. This year, twice as many turkeys will be processed into roasts, slices and other prepared products. It's available all year and is reasonable and convenient. The turkey roast, for instance, weighs two and a half pounds and comes in a foil roasting pan with giblets and a grains of gravy packet included.

This all meat roast is, of course, much smaller in size than a regular bone-in roast, so you and the family will have to get used to that. Even so, you'll be pleasantly surprised to learn that a two-and-a-half pound roast will yield seven servings of four ounces each. That's quite a lot of meat and will generally provide leftovers, or even a take-your-shoes-off party.

Turkey Easy

- | | |
|---|--|
| 1 1/2 cups diced, cooked boneless turkey roast | 1 teaspoon prepared mustard |
| 1 cup cooked white rice | Dash white pepper |
| 2 hard cooked eggs, chopped | 1 can (10 1/2 oz.) cream of chicken soup |
| 1/4 cup sliced almonds | 1/2 cup milk |
| 1 1/2 tablespoons (2 oz. jar) pimiento, drained and chopped | Paprika (optional) |

Heat oven to moderate (350 F.). Butter four (10 oz.) baking dishes. Combine turkey, rice, eggs, almonds, pimiento, mustard and pepper. Mix together soup and milk. Add 1/2 cup to turkey mixture. Pour into baking dishes. Allow about 3/4 cup mixture for each. Spread remaining soup on top. Sprinkle with paprika. Bake 25-30 minutes or until hot and bubbly. Yield: 4 servings.

Fudge Is For Feasting!

When it comes to homemade candy—creamy-smooth chocolate fudge is the all-time favorite! Perfect creamy smoothness is assured in all candies when evaporated milk, the double-rich whole milk concentrate is used in the making. This streamlined recipe requires no thermometer and the basic syrup cooks in minutes. It's best to make a batch at a time, which poses no problem since it is speedily prepared. So for family feasting throughout the holidays—and as a special remembrance for friends and neighbors—make batches and batches of this real chocolate, creamy fudge.

Quick and Easy Fudge

- | | |
|--------------------------------|--|
| 2 cups sugar | 1 1/2 cups (9 oz.) semi-sweet chocolate pieces |
| 3 tablespoons butter | 1 teaspoon vanilla |
| 1 teaspoon salt | 1/2 cup chopped pecans |
| 1 cup evaporated milk | |
| 1/2 cup miniature marshmallows | |

In a 2 or 3 quart saucepan combine sugar, butter, salt and evaporated milk. Stirring constantly, bring mixture to a full rolling boil over medium heat. Continue boiling and stirring for a full 5 minutes. Remove from heat. Add marshmallows, chocolate, vanilla and pecans. Stir vigorously or beat with spoon until marshmallows and chocolate are melted and smoothly blended. Turn into buttered 8-inch square pan. When candy is cold, cut into squares. Makes about 2 pounds.

East Hockey Standings Upside Down

By HAL BOCK

Associated Press Sports Writer
The National Hockey League's Eastern Division standings seem upside down while in the Western Division, St. Louis is just plain down.

The Blues slithered deeper into the expansion division cellar Sunday night, losing a 1-0 toughtie to New York, while surprising Boston grabbed the Eastern lead with John McKen-

zie's three goals pacing a 7-5 victory over Detroit.

Other NFL action Sunday, Chicago nipped Minnesota 2-1 on a pair of goals by Doug Mohns, and Philadelphia pounded Los Angeles 7-2 to grab the Western Division lead.

St. Louis' winless streak stretched to seven games despite strong goaltending by Seth Martin, a 34-year-old rookie, who had the Rangers blanked until the final four minutes.

Then Phil Goyette's back-hander broke the scoreless deadlock and made rookie goalie Gilles Villemure's first NHL shutout a victory instead of a

ROPE (ANK) STAR, Printed by Offset

Meanwhile, Boston, last-place finisher in six of the last seven seasons, continued its dash to the top of the old division with goals by Tommy Williams and McKenzie in the final three minutes sinking Detroit.

The Red Wings had twice wiped out three-goal deficits and tied the score in the third period on goals by Paul Henderson and Floyd Smith before Boston won it. The Bruins lead Toronto by two points.

It was Boston's third straight victory and drew another sellout crowd of 13,009—the Bruins' 10th full house in 11 dates at Boston Garden.

Mohns, who missed the early

weeks of the season with a charley horse, one of the main reasons Chicago dropped its first six games—drilled two power play goals past Minnesota's Cesare Maniago.

Maniago had taken over in the first period for Gary Bauman, who was knocked unconscious when struck under the right ear by a blazing shot off the stick of Bobby Hull. Bauman suffered a bruise but was not hospitalized.

Philadelphia stormed into first place in the Western Division, shelling Los Angeles goalie Wayne Rutledge for five goals and then finishing the job with two more against backup man Terry Sawchuk.

First period goals by Leon

Rochefort, Pat Hannigan and Ed Hoeksstra shot the Flyers into a quick lead and after the bulge opened to 5-0 in the second period, Sawchuk took over. Sawchuk gave up Philadelphia's last two goals as the Flyers ended a three-game LA winning streak and moved one point in front of the Kings in the Western race.

Only Two

Finland and the United States are the only countries in the world which have ever experimented with national prohibition—the legal prevention of the sale, manufacture or transportation of alcoholic beverages.
